Professional Summary

Motivated and enthusiastic Artificial Intelligence and Machine Learning engineering student currently pursuing a Bachelor of Engineering at Adichunchanagiri Institute of Technology, Chikkamagaluru. Strong foundation in C, Python, Java, Data Structures, OOPs, and Operating Systems. Interested in software development, AI/ML, and building practical real-world projects. Quick learner with a positive attitude and willingness to learn new technologies.

Education

B.E. – Artificial Intelligence and Machine Learning *2024 – Present*
Adichunchanagiri Institute of Technology, Chikkamagaluru **3rd Semester**
CGPA: 9.40

Pre-University Course (PUC) *Completed*
Shaheen PU College, Aurad, Bidar

SSLC *Completed*
Government High School, Eekeler, Bidar

Technical Skills

Programming: C, Python, Java
Core Concepts: OOPs, Data Structures and Algorithms, Operating Systems

Areas of Interest: Artificial Intelligence, Machine Learning, Software Development

Project Experience

Smart Animal Detection System

- Developed an AI-based animal detection system for identifying animals and generating alerts.
- Applied programming and problem-solving concepts to develop the project.
- Worked on the project as part of practical engineering learning.

Crop Field Monitoring System

- Developed a smart crop field monitoring project to observe field conditions.
- Used sensors and technology for monitoring and timely alerts.
- Applied technical knowledge to address a real-world agricultural problem.

Certifications

- Hackathon Participation Certificate
- Python Programming Workshop Certificate
- 3-Day Internship Certificate

Achievements

- Achieved **9.40 CGPA** in the 1st year of engineering.
- Participated in a technical hackathon.

Soft Skills

Communication — Teamwork — Problem Solving — Quick Learning — Adaptability
